Item 2.02. Results of Operation and Financial Condition.

On May 6, 2010, Lifetime Brands, Inc. (the "Company") issued a press release announcing the Company's results for the first quarter ended March 31, 2010. A copy of the Company's press release is attached as Exhibit 99.1.

The press release attached as Exhibit 99.1 contains non-GAAP financial measures within the meaning of Regulation G promulgated by the Securities and Exchange Commission. For purposes of Regulation G, a non-GAAP financial measure is a numerical measure of a company's performance, financial position, or cash flows that either excludes or includes amounts that are not normally excluded or included in the most directly comparable measure calculated and presented in accordance with generally accepted accounting principles. To supplement the Company's results of operations presented in accordance with GAAP, the Company is presenting non-GAAP information regarding income (loss) before interest, taxes, depreciation and amortization, restructuring expenses, goodwill and intangible asset impairment and stock compensation expense.

These non-GAAP measures are provided to enhance the user's overall understanding of the Company's current financial performance. Specifically, the Company believes the non-GAAP results provide useful information to both management and investors by excluding certain items that may not be indicative of the Company's core operating results. These measures should be considered in addition to results prepared in accordance with GAAP, but are not a substitute for or superior to GAAP results. The non-GAAP measures included in the attached press release have been reconciled to the equivalent GAAP measure.

Item 9.01. Financial Statements and Exhibits.

Lifetime Brands Announces Improved First Quarter 2010 Results

Garden City, NY, May 6, 2010 -- Lifetime Brands, Inc. (NASDAQ: LCUT), North America's leading resource for nationally branded kitchenware, tabletop and home décor products, today announced its results for the first quarter ended March 31, 2010.

Net sales for the quarter were \$88.7 million, as compared to \$90.2 million for the first quarter of 2009. Wholesale segment net sales were \$82.1 million, as compared to \$83.6 million, a decrease of \$1.5 million. In the 2009 period, the Company recorded \$3.4 million of non-recurring net sales attributable to the going-out-of-business sale of a customer that was liquidated in 2009. Excluding these non-recurring net sales, the Company's net sales increased by \$1.9 million, as compared to the 2009 period. Direct to consumer segment net sales for the first quarter of 2010 were \$6.6 million, unchanged from net sales of \$6.6 million in the first quarter of 2009.

For the three months ended March 31, 2010, gross margin as a percentage of net sales for the wholesale segment increased by 400 basis points to 37.0%, as compared to 33.0% for the 2009 period. Gross margin in the 2010 quarter benefitted from a more favorable product mix, the absence of the non-recurring net sales, lower royalty expense and lower freight costs than in the 2009 period. Gross margin for the direct-to-consumer segment decreased slightly, from 67.4% to 66.6%, reflecting a higher level of promotions in the 2010 period.

Adjusted EBITDA for the first quarter of 2010 was \$5.7 million, as compared to \$588 thousand in the 2009 period. Trailing twelve months Adjusted EBITDA through March 31, 2010 was \$37.2 million. Adjusted EBITDA is a non-GAAP measure, which the Company defines as net income (loss) before interest, taxes, depreciation and amortization, restructuring expenses, goodwill and intangible asset impairment and stock compensation expense, as shown in the table below.

Net income for the quarter was \$729 thousand, or \$0.06 per diluted share, as compared to a net loss of \$6.0 million, or \$0.50 per diluted share, for the first quarter of 2009. The 2009 period net loss included \$824 thousand of restructuring charges, equal to \$0.04 per diluted share.

Jeffrey Siegel, Chairman, Chief Executive Officer and President, commented, "We are pleased to deliver a profitable first quarter. Following our strategy of offering trusted brands and outstanding design at significant values, we grew our Mikasa® brand in all tabletop categories and re-energized the Pfaltzgraff® brand in casual dinnerware, while our new Design for Living® line of water bottles and thermal mugs continued to grow.

"Our first-quarter 2010 results benefitted from our 2008 and 2009 restructuring and inventory reduction efforts. Selling, General and Administrative Expenses in this year's first quarter decreased 6.4% compared to the 2009 period.

"Our strong cash flow and our continued focus on reducing inventories resulted in significant balance sheet improvements at March 31, 2010, as compared to the balance sheet at March 31, 2009. Inventory at March 31, 2010 was \$101.8 million, as compared to \$131.9 million at March 31, 2009. Bank borrowings were \$20.1 million at March 31, 2010, as compared to \$79.7 million at March 31, 2009.

"Grupo Vasconia S.A.B., in which we own a 30% interest, continued its trend of positive results. Consolidated net income in the first quarter of 2010 increased 29.7% to \$2.3 million from \$1.8 million in the first quarter of 2009. Lifetime's equity in Grupo Vasconia's earnings for the quarter, net of taxes, increased to \$670 thousand from \$422 thousand in the 2009 period.

"Throughout 2010, we plan to continue our focus on expanding our market share, improving our gross margin, controlling expenses and reducing inventory.

"The severe inventory destocking by retailers, which affected the Company by dampening demand in late 2008 and throughout most of 2009 abated in the fourth quarter. As a result, for the first time in over a year, retailers' purchases were driven more by consumer demand than by internal company targets.

"We believe that consumers generally remain cautious and that overall demand continues to reflect the ongoing high levels of unemployment and underemployment. Nevertheless, comparisons of retail sales for the first quarter of 2010 with the first quarter of 2009 exceeded most expectations and we are encouraged by indications that consumer confidence is moving upward and that consumer spending will follow.

"If business conditions continue to improve, the Company's results for 2010 should exceed our earlier expectations."

First-Quarter 2010 Conference Call

Lifetime has scheduled a conference call for Thursday, May 6, 2010 at 11:00 a.m. ET to discuss its first-quarter 2010 results. Non-GAAP Financial Measures

This earnings release contains non-GAAP financial measures. For purposes of Regulation G, a non-GAAP financial measure is a numerical measure of a company's historical or future financial performance, financial position or cash flows that excludes amounts, or is subject to adjustments that have the effect of excluding amounts, that are included in the most directly comparable measure calculated and presented in accordance with GAAP in the statements of income, balance sheets, or statements of cash flows of the Company; or includes amounts, or is subject to adjustments that have the effect of including amounts, that are excluded from the most directly comparable measure so calculated and presented. Pursuant to the requirements of Regulation G, the Company has provided reconciliations of the non-GAAP financial measures to the most directly comparable GAAP financial measures. These non-GAAP measures are provided because management of the Company uses these financial measures in maintaining and evaluating the Company's on-going financial results and trends. Management uses this non-GAAP information as an indicator of business performance.

Forward-Looking Statements

In this press release, the use of the words "believe," "could," "expect," "may," "positioned," "projected," "should," "will," "would" or similar expressions is intended to identify forward-looking statements that represent the Company's current judgment about possible future events. The Company believes these judgments are reasonable, but these statements are not guarantees of any events or financial results, and actual results may differ materially due to a variety of important factors. Such factors might include, among others, the Company's ability to comply with the requirements of its credit agreement; the availability of funding under that credit agreement; the Company's ability to ma intain adequate liquidity and financing sources and an appropriate level of debt; changes in general economic conditions which could affect customer payment practices or consumer spending; the impact of changes in general economic conditions on the Company's customers; changes in demand for the Company's products; shortages of and price volatility for certain commodities; significant changes in the competitive environment and the effect of competition on the Company's markets, including on the Company's pricing policies, financing sources and an appropriate level of debt.
